A great big THANK YOU for all that helped support the PTA hot lunch program last year. Your participation helped raise essential funds for our school. More than 500 kids participated and nearly 100 parents volunteered to help serve lunches, check in children, and organize daily service. It really does take a village...or two!

If you haven't already, please consider joining our hot lunch volunteers this year. It's a really fun way to participate in your child's education. Contact Jackie at jackiegrandy@comcast.net
